**Alfriston School****November 2020****Equality Policy**

This policy has been reviewed in line with our Behaviour Policy, our Anti-bullying Policy, our Accessibility Plan, our SEND Local offer, and our Personal, Social, Health & Economic Education (PSHEe) Policy, which includes our Relationships & Sex and Health Education Policy.

**Why we have developed this Equality Policy**

This Equality Policy for Alfriston Primary School is a single policy for all protected characteristics covered under the Equality Act 2010. We are committed to developing cohesive communities both within our school's physical boundaries and within our local, national and global environments. Our school embraces the aim of working together with others to improve children's educational and wellbeing outcomes, and notes the rights set out in the UN Convention on the Rights of the Child.

Our Equality Policy is inclusive of our whole school community – pupils/students, staff, parents/carers, visitors and partner agencies - who we have engaged with and who have been actively involved in and contributed to its development.

The purpose of this Policy is to set out how our practice and policies have due regard to the need to:

- eliminate discrimination, harassment and victimisation;
- advance equality of opportunity and
- foster good relations between groups.

It explains how we will listen to and involve pupils, staff, parents and the community in achieving better outcomes for our children and young people.

**Our school within the wider context**

The national demographic presents an ever-changing picture in terms of age, race and ethnicity, disability, religion and belief, sexual orientation, gender reassignment and social deprivation.

Alfriston School educates children aged 4-11. The majority are from white British backgrounds and speak English as a first language. There is a minority group of children from the Gypsy, Romany Traveller community.

**Overall aims of our Equality Policy**

- To eliminate discrimination, harassment and victimisation.

- To promote equality of access and opportunity within our school and within our wider community.
- To promote positive attitudes to difference and good relationships between people with different backgrounds, genders, sexual orientation, cultures, faiths, abilities and ethnic origins.

To ensure that equality and inclusive practice are embedded across all aspects of school life, the Equality Policy refers to the UN Convention on the Rights of the Child, which includes recognition of a range of educational, wellbeing, and material outcomes<sup>1</sup>.

The themes are reflected in our Equality Objectives.

### **Our approach**

We seek to embed equality of access, opportunity and outcomes for all members of our school community, within all aspects of school life.

### **Our vision statement about Equality**

Alfriston School aims to foster warm, welcoming and respectful environments, which allow us to question and challenge discrimination and inequality, resolve conflicts peacefully and work and learn free from harassment and violence.

We recognise that there are similarities and differences between individuals and groups but we will strive to ensure that our differences do not become barriers to participation, access and learning and to create inclusive processes and practices, where the varying needs of individuals and groups are identified and met. We therefore cannot achieve equality for all by treating everyone the same.

We will build on our similarities and seek enrichment from our differences and so promote understanding and learning between and towards others to create cohesive communities.

#### **Alfriston School - Equality Statement**

**Alfriston School recognises that everyone is different and special owing to varying needs and cultures. We aim to treat all differences positively, recognising that diversity creates a collaborative, creative and understanding school, where everyone is included to do lots of different things and have lots of different experiences.**

*Written by the children of Alfriston School*

This is reflected in our Equality Information and Objectives and in our vision to be 'Fair, Friendly, Fulfilling and Fun'.

## **Our duties**

We recognise and accept our equality duties as set out in the Equality Act 2010 and have sought to involve the whole school community in the process of developing this policy in order to ensure better outcomes for all<sup>2</sup>. We have due regard to the need to ensure that persons with a protected characteristic are not disproportionately, negatively impacted as a result of our decision or policy making. We positively foster good relations between and within different groups of pupils/students and the wider school community.

We are also guided by the United Nations Convention on the Rights of the Child<sup>3</sup> as well as recognising and accepting our duty to have due regard to the need to prevent people from being drawn into terrorism (The Prevent Duty 2015) and promote the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.

**We will ensure we identify opportunities for promoting our vision, the key concepts and our duties on equality legislation across all aspects of school life**

- Our pupils/students

We have a student council who contribute to all events and systems in school. We complete an annual pupil questionnaire to gain pupil voice regarding all elements of school life. Suggestions are taken from the children through to senior leadership meetings to review and amendments made as appropriate.

- Our staff

All staff are encouraged to share their views during regular staff meetings and during 1:1 meetings with the Headteacher. Suggestions are acted on either at a 1:1 level or within the senior leadership team, amending policy where required. The policy is shared at staff meetings and at the INSET training at the beginning of each school year.

- Our school governors

This policy will be ratified by the full governing board.

- Ongoing:

The policy will be widely available and we welcome comments and feedback from all stakeholders.

## How we developed our Policy - Using information

We know our school well because we regularly collect information about ourselves in a variety of ways and other people help us to do this.

We collect a range of information relating to incidents of harassment and bullying including those relating to racism, homophobia, transphobia, biphobia, faith, disability and gender.

OfSTED inspectors visit us regularly and report on how we are actively promoting equality and diversity, tackling bullying and discrimination and narrowing any gaps in achievement between different groups of children and learners, as well as how we are promoting British Values and preventing radicalisation and extremism, preparing pupils/students to respect others and contribute to wider society and life in Britain.

Safeguarding reviews, Ofsted inspections and regular school advisor visits from the local authority have all reported that the behaviour and safety of pupils at Alfriston is high priority and pupils feel safe and are well cared for.

Where our community is lacking in diversity, children have been exposed to education around other cultures through curriculum enrichment (e.g. days based around specific countries/cultures/religions, high quality texts used during classroom learning and in whole school assemblies), PSHE sessions, religious education sessions, through the specific communications and visits we arrange for our children to meet with children from other schools (including a school in Veules Les Roses, France) and carefully selecting visitors and educational visits to broaden our children's sense of the world.

We have established excellent links with our local and our wider community. We always welcome them into our school. From them, we learn about equality issues outside school and can establish mechanisms for addressing them within school.

By listening to those within our community and to our partners, we are able to identify new areas of work, improve existing approaches and focus our energy where it is required.

## Our Staff

We comply fully with legislation which protects our staff (including teachers, teaching assistants, supervisors and student teachers) from discrimination based on the protected characteristics. With regard to disability, we make such reasonable adjustments as are necessary to prevent a disabled person being at a substantial disadvantage in comparison with people who are not disabled.

This includes discrimination in relation to recruitment, terms and conditions, promotions, transfers, dismissals, training and employment practices (such as dress codes) and disciplinary procedures. We make efforts to ensure that the diversity of our workforce reflects that of our local community and wider society. In accordance with the Equality Act we do not enquire about the health of an applicant until a job offer has been made<sup>4</sup> or require job

---

<sup>4</sup> Unless the questions are specifically related to an intrinsic function of the work - for example ensuring that applicants for a PE teaching post have the physical capability to carry out the duties.

applicants to complete a generic 'all encompassing' health questionnaire as part of the application procedure.

We will ensure the safety and well-being of our staff and take seriously and act on incidents of harassment and discrimination recognising that our staff may be either victims or perpetrators.

We interpret our duties positively; take the necessary actions to remove barriers to inclusion and work hard to ensure a safe, positive and inclusive environment.

Our staff team have undertaken training to help them understand their equality duties/and or the differing needs of protected groups within our school community.

We have mechanisms in place to identify areas for development.

All staff receive annual training on safeguarding and the prevent duty.  
DSL and deputy receives update training every 2 years. DSL/deputy attend regular safeguarding network meetings to ensure the school is fully informed and fully compliant.

### **Responding to hate or prejudice-based incidents and bullying**

We recognise that hate incidents or prejudice – based bullying behaviour is driven by negative assumptions, stereotypes or misinformation. These are then directed against an individual or group, based on difference (real or perceived), and linked to, for example, racism, sexism, homophobia, transphobia, biphobia, negative views of disabled people or people who practise a religion or follow a faith. We will take action to prevent, challenge and eliminate any such behaviour.

We recognise that we as individuals and society often struggle with difference of any kind (perceived or actual), which can result in seizing upon the most visible sign of difference e.g. skin colour or disability.

Through our school ethos and curriculum, we want our pupils/students to understand better the diversity that exists in society. We want to provide opportunities for them to explore the subtleties and complexities in order to prevent and respond to incidents and situations. We will address the experience, understanding and needs of the victim, the perpetrator, bystanders and the wider school community through our actions and responses.

We will record any hate incidents and prejudice based bullying. We will use this information to identify trends and patterns, so that we have approaches in place to provide appropriate responses in terms of support for victims and their families, sanctions and support for perpetrators and their families and education for our children, young people and communities.

A Behaviour policy and Anti-Bullying policy are in place and reviewed regularly. Child-friendly versions are shared with the children regularly and is part of our PSHE curriculum. We take an active part in National Anti-Bullying Week and we invite guest speakers, specialists and presenters into school throughout the academic year to engage the children and parents in this.

All monitoring of behaviour (including bullying, racist and homophobic incidences) are reported termly to the Full Governing Board. In these incidences, parents/carers are informed and the policy is fully followed through.

### **Implementation, monitoring and reviewing**

This policy was published in **November 2020**. It will be actively promoted and disseminated.

Will be shared via the school website, school newsletter and eschools.

Implementation, monitoring and review are the responsibility of our Senior Leadership Team and our governors who have agreed and published this policy which sets out our priorities and supports these with specific and measurable objectives.

We will report annually on the policy and analyse whether the policy and related objectives have furthered the aims of the general equality duty and in particular educational outcomes for all within our school community with reference to the protected groups.

### **Equality Objectives**

Using the views of pupils/students, parents, staff and community and analysis of the information as outlined above we have set ourselves specific and measurable objectives that will help us achieve the aims of the general equality duty. These will be reviewed every 4 years and published. See Section 3.

**Appendix A Key legislation****Equality Act 2010**

Harmonises and streamlines existing equality legislation into one Single Act.

The Act protects pupils from discrimination and harassment based on 'protected characteristics':

- Disability.
- Gender reassignment.
- Pregnancy and maternity.
- Race.
- Religion or belief.
- Sex.
- Sexual orientation.

This relates to:

- prospective pupils
- pupils at the school
- in some limited circumstances, former pupils

The Act also contains positive action provisions which enable schools to take proportionate action to address disadvantage faced by particular pupils. Such action could include targeted provision, resources or putting in place additional or bespoke provision to benefit a particular disadvantaged pupil group.

The Public Sector Equality Duty commenced in April 2011.

There are exceptions to enable single-sex schools to admit only pupils of one sex and for schools with a religious character to enable them to have admissions criteria which give preference to members of their own religion.
