

School Council Meeting

Wednesday 1st November 2017

10am in HT's office with Mrs Hudson

1) Attendance

The reps gave feedback on the questionnaires discussed with their classes on attendance (a whole school focus for this year). It was good to read and hear that many children are aware of the importance of good attendance at school and coming to school on time.

2) The Playground

The reps looked at the activity trail ideas that they had gathered from their classes. There were lots of ideas of different equipment/activities to have, with a wobbly bridge proving to be the most popular! The reps looked at each plan and discussed what would be best depending on the space we have.

The reps were very good at considering what other children would like, and their particular needs, when debating on which equipment/activity to choose. The type of surface for the activity trail area was also discussed. Using the feedback from everyone and following these sensible discussions, each rep then put a design together which will be presented to three different playground companies for them to professionally measure and draw out and give a quotation.

3) Next meeting

To be confirmed
