31st October 2018

Class: Sapphire (Year 3 & 4)

Teacher: Mr Sibson

Teaching Assistant/HLTA: Mrs Bliss and Mrs Rogers

Dear Parents and Carers,

Welcome back to school following the half term break. I hope that you had plenty of fun and some rest and relaxation as well! We are settling into the new term, and have welcomed our new addition – Bella. We have also begun our new Learning Journey topic – Meet the Flintstones!

Curriculum Information

Learning Journey topic

This term, our topic will be 'Meet the Flintstones.' This is an historical topic and we will explore how Britain changed during pre-history from the Stone Age to the Iron Age. We will look at the chronology of the periods and we will find out about different features and artefacts which link to human life during this time.

Our science topic will look at rocks and geology, how our landscape has developed and how this has shaped our own evolution and development in Britain and around the world.

English

In English this term, alongside our Learning Journey, we will be using the reading that we do to lead into our writing and we will think about ways to effectively plan written work across a variety of styles and genres. We will also have regular spelling, grammar and punctuation sessions.

We will continue with our focus on spelling, as this is an area that has been highlighted in the National Curriculum, and we will look at patterns and rules as well as encouraging children to learn the spelling of words that they use regularly to support their writing.

Maths

Maths lessons will be taught within the class to enable us to effectively deliver the National Curriculum and we will initially be building on our understanding of the number system. We will also have a focus on mental mathematics, developing a range of strategies for calculating mentally, concentrating in particular on adding and subtracting units, tens and hundreds from any number. We will also look at the multiplication tables, and children will carry out a weekly 'Times Table Challenge', to increase their speed and recall of these number facts.

P.E.

Our PE sessions this term will focus on gymnastics and games. Our fixed PE slots are Monday for gymnastics and Wednesday for outdoor games. Please note that we ask that children bring in their PE kit every day to school; in this way we can be as flexible as possible in order to take advantage of any extra PE slots in the timetable.

Alfriston School: Fair, friendly, fulfilling and fun!

R.E.

Our RE topic this term is 'Hannukah' and will link to the festive season. This will be largely taught during English lessons in a cross-curricular way so that children are still practising skills in reading, writing, speaking and listening while the RE provides the context. Parents and guardians should be aware, as detailed in government legislation, that they have "the right to request that the pupil be excused from all or part of the RE provided. They do not have to provide a reason and the school must comply with their request. It is however the parents' or guardians' responsibility to provide alternative work if the child is withdrawn. Parents and carers must also be aware that RE is cross-curricular and in primary schools it may be taught as part of another subject area for which there is no legal right to withdraw."

We will continue to take advantage of the curriculum interests and strengths of members of staff, and so Mrs Crystal will be teaching Sapphire Class on Tuesday afternoons. She will focus on Science.

Home Learning

Homework supports children's learning and consists of core tasks which are ongoing activities: regular reading with an adult which should be recorded in the Reading Record Book, discussing the content in increasing depth in order to further develop comprehension; Spellings – the children have an individual spelling list which is recorded in their yellow Spelling Logs and updated regularly; children are also encouraged to undertake Maths activities, including the use of the 'ttRockStars' website in order to develop children's knowledge of number facts.

Following discussions with parents and with the children, there will not be a project in the term leading up to Christmas as there are so many other events that families will be enjoying!

Please help us to encourage your child to complete their homework to the best of his or her ability and hand it in on time as this will support their learning and also develop their independence as they prepare for transition to secondary school. If you find that homework is a struggle for your child then please inform us immediately and together we will find ways of overcoming this.

Request

We are always grateful for helpers to come in and listen to the children read or play maths games. If you feel you could spare an hour to do so and you have an up to date 'Alfriston School' Disclosure and Barring Service (DBS) check, your help will be greatly appreciated. Please catch one of us in the playground, give us a call via the school office or arrange an appointment to see us.

If you have any questions or concerns, please do come and speak to us – it is important that children are happy at school in order to learn to the best of their abilities and we will always try to make time to talk to you. We are generally available after school but if this time of the day isn't possible for you then we can always arrange a more mutually convenient appointment time – just phone the school office to arrange.

Yours sincerely,

Mr L Sibson

Mrs K Bliss

Mrs J Rogers
