Headteacher: Mrs Lindsey Hudson BA (Hons)

26<sup>th</sup> April 2019

**Class:** Sapphire (Year 3 & 4)

**Teacher:** Mr Sibson

**Teaching Assistant/HLTA:** Mrs Bliss and Miss Rogers

Dear Parents and Carers,

Welcome back to Sapphire Class who have an exciting and action packed term to look forward to!

## **Curriculum Information**

### **Learning Journey topic**

This term, our topic is 'Tales from Europe'. This is a geographical topic where we will explore the features, traditions and stories of countries around Europe. We will also be looking at typical and traditional foods from around Europe and will create our own European Café to mark the end of our learning journey.

Our science topic will look at electricity. We will learn about how electricity can be generated and used, how it flows and how we can be safe when working with electronics.

### **English**

In English this term, alongside our Learning Journey, we will be using the reading that we do to broaden our factual knowledge and lead into our writing, and we will think about ways to effectively plan written work across a variety of styles and genres. We will also have regular spelling, grammar and punctuation sessions.

We will continue with our focus on spelling, as this is an area that has been highlighted in the National Curriculum, and we will look at patterns and rules as well as encouraging children to learn the spelling of words that they use regularly to support their writing. Our testing will continue with progression earned once we can see that children have not just learned a correct spelling but are applying them consistently within their writing.

### **Maths**

Maths lessons will be taught within the class to enable us to effectively deliver the National Curriculum and we will initially be building on our understanding of the number system. We will also have a focus on mental mathematics, developing a range of strategies for calculating mentally, concentrating in particular on multiplication and division as well as applying our number skills to contexts including measurements. We will continue to look at the multiplication tables, and children will carry out a weekly 'Times Table Challenge', to increase their speed and recall of these number facts. Progression will be based on consistency and accuracy.

Alfriston School: Fair, friendly, fulfilling and fun!

## **P.E.**

Our PE sessions this term will focus on athletics and striking and fielding. Our fixed PE slots are Monday and Wednesday, though these are subject to change. Please note that we ask that children bring in their PE kit every day to school; in this way we can be as flexible as possible in order to take advantage of any extra PE slots in the timetable. We are also hoping to start swimming this term, and information about that will be circulated once a decision has been made.

## **R.E.**

Our RE topic this term is 'The Church and The Synagogue'. This will be largely taught during English lessons in a cross-curricular way so that children are still practising skills in reading, writing, speaking and listening while the RE provides the context. Parents and guardians should be aware, as detailed in government legislation, that they have "the right to request that the pupil be excused from all or part of the RE provided. They do not have to provide a reason and the school must comply with their request. It is however the parents' or guardians' responsibility to provide alternative work if the child is withdrawn. Parents and carers must also be aware that RE is cross-curricular and in primary schools it may be taught as part of another subject area for which there is no legal right to withdraw."

## **Home Learning**

Homework supports children's learning and consists of core tasks which are ongoing activities: regular reading with an adult which should be recorded in the Reading Record Book, discussing the content in increasing depth in order to further develop comprehension; Spellings – the children have an individual spelling list which is recorded in their yellow Spelling Logs and updated regularly; children are also encouraged to undertake weekly Maths activities, including the use of the 'TTRockStars' website in order to develop children's knowledge of number facts.

In line with our Home Learning Policy, there will also be a project that will be discussed with the children who will be encouraged to plan and complete tasks over the term. It will then be presented and evaluated in class. Children will have details of the task for this term and a planning and evaluation sheet. These projects support children's learning in several ways; they enable children to research and to work creatively to present their learning. They are also able to present their work to an audience in order to develop their confidence.

Please help us to encourage your child to complete their homework to the best of his or her ability and hand it in on time as this will support their learning and also develop their independence as they prepare for transition to secondary school. If you find that homework is a struggle for your child then please inform us immediately and together we will find ways of overcoming this.

## **Request**

We are always grateful for helpers to come in and listen to the children read or play maths games. We would also be very grateful to volunteers who could support on our P.E. afternoons to enable us to use the recreation ground next to school. If you feel you could spare an hour to do so and you have an up to date 'Alfriston School' Disclosure and Barring Service (DBS) check, your help will be greatly appreciated. Please catch one of us in the playground, give us a call via the school office or arrange an appointment to see us.

If you have any questions or concerns, please do come and speak to us – it is important that children are happy at school in order to learn to the best of their abilities and we will always try to make time to talk to you. We are generally available after school but if this time of the day isn't possible for you then we can always arrange a more mutually convenient appointment time – just phone the school office to arrange.

Yours sincerely,

Mr L Sibson

Mrs K Bliss

Miss Rogers
